

Students

UK SPRING BREAK

Why

Today 99% of students in the United Kingdom can be classified as non-seekers: those who are not interested in or pursuing truth, spirituality or God. The United Kingdom was once a centre for evangelical thought, theology, and global missions. A number of men and women too long to list were hailed as public heroes, helping to pioneer Christianity in the modern world, but the generation of students filling British universities today appears allergic to spirituality, views the church as a relic and ultimately considers Jesus irrelevant.

Who

- **Looking for a FIRST project experience?** We welcome all students, no matter your experience or involvement with P2C. A heart for the Lord, desire to learn and a commitment to initiative-based evangelism are all that are required.
- **Passionate about helping postmodern apathetic students encounter the Living God?** Perhaps you want to grow in your evangelism skills and reach post-Christian cultures. In a post-Christian culture, evangelism is not always easy. Patience, love and boldness are needed here to share the life-changing message of Jesus Christ.
- **Love all things British?** Perhaps your British heritage or Commonwealth sensibilities means you want to preach the gospel across the pond. Join us to influence a nation and the world.

Where

You will be focused for one intense week of evangelism in either London or Nottingham. Together with your team, and local Student Life staff & students you will help these young campus ministries saturate their campus with the gospel. Your faith and initiative will help hundreds of students hear the gospel for the first time and inspire local Christian students to boldly share their faith.

Details:

Cost: \$2,950

Location: London & Nottingham

More info: <http://p2c.com/students/mission-trips>
